Chief Executive, ICC

Geoff Allardice
Chief Executive, ICC

On behalf of the International Cricket Council (ICC) and our hosts Cricket Australia, I would like to welcome the esteemed members of the world's media to the ICC Men's T20 World Cup 2022.

We are delighted to bring the ICC Men's T20 World Cup to Australian shores for the first time ever, exactly two years after its postponement due to COVID-19. We can't wait to welcome all fans to be a part of "The Big Time" – to reconnect and enjoy the experience of attending an ICC World Cup.

The eighth Men's T20 World Cup will see seven world-class venues in seven Australian cities host 45 matches. The growth vehicle for the sport will see 16 teams competing for the ultimate prize in T20 cricket.

It has been a difficult few years for everyone involved. The landscape of the media has changed and many organisations have had to transform the way that they go about bringing the news to the world. But as expected when the unexpected happens, we adapt, we persevere and we thrive.

On behalf of the ICC, I would like to take this opportunity to thank the media for their continued support of the game that we all love, and we look forward to more of the same throughout this highly anticipated event.

I would like to wish all players and match officials the very best of luck and hope that the cricket is truly memorable, acting as a wonderful advert for the spirit of the game. I am confident that the ICC Men's T20 World Cup will be an unmissable event and I look forward to seeing who will claim the ultimate prize on 13 November.

WELCOME

Tournament CEO

Michelle Enright
CEO, ICC Men's T20
World Cup 2022

It is my great pleasure to welcome you all, on behalf of the Local Organising Committee, to the first ICC Men's T20 World Cup to be held in Australia.

Much has changed in the world since we first set about making history by planning to host the ICC Women's and Men's T20 World Cups in the same year back in 2020. While the onset of the pandemic didn't allow us to achieve that feat, a two-year delay has only served to fuel the hunger of cricket fans for a World Cup like no other.

With our borders open, our cities buzzing and our sporting arenas filling up again, there couldn't be a better time for a global celebration of cricket across our wonderful country.

The ICC Men's T20 World Cup 2022 is the biggest sporting event coming to Australia in 2022, with 16 international teams set to battle it out for the ultimate prize in the game's most exciting format. The nationwide festival will feature 45 matches played in seven world-class cricket venues across seven host cities, culminating in the Final under lights at the mighty cauldron of the MCG on November 13.

With the world's best players competing on the biggest stage, there is nothing like a World Cup for uniting our communities and inspiring the next generation of players and fans. With the support of Australian cricket and community leaders from across the country, we have worked hard to spread the message far and wide that this is a World Cup that everyone can be a part of.

We can't wait to see the smiling faces of fans across many generations and cultures – together again, experiencing the joy of live sport and the unrivalled excitement of T20 cricket. On top of the on-field action, our cities will be alive with World Cup fever. There are fan zones at venues and in city locations, with music, dance, food, cricket activations and cultural activities for a fully immersive experience.

To all teams, match officials, volunteers, broadcasters, commercial partners, media and fans, we wish you a safe and memorable stay in Australia, and we hope that you take the opportunity to get out and explore everything that is on offer in our amazing host cities.

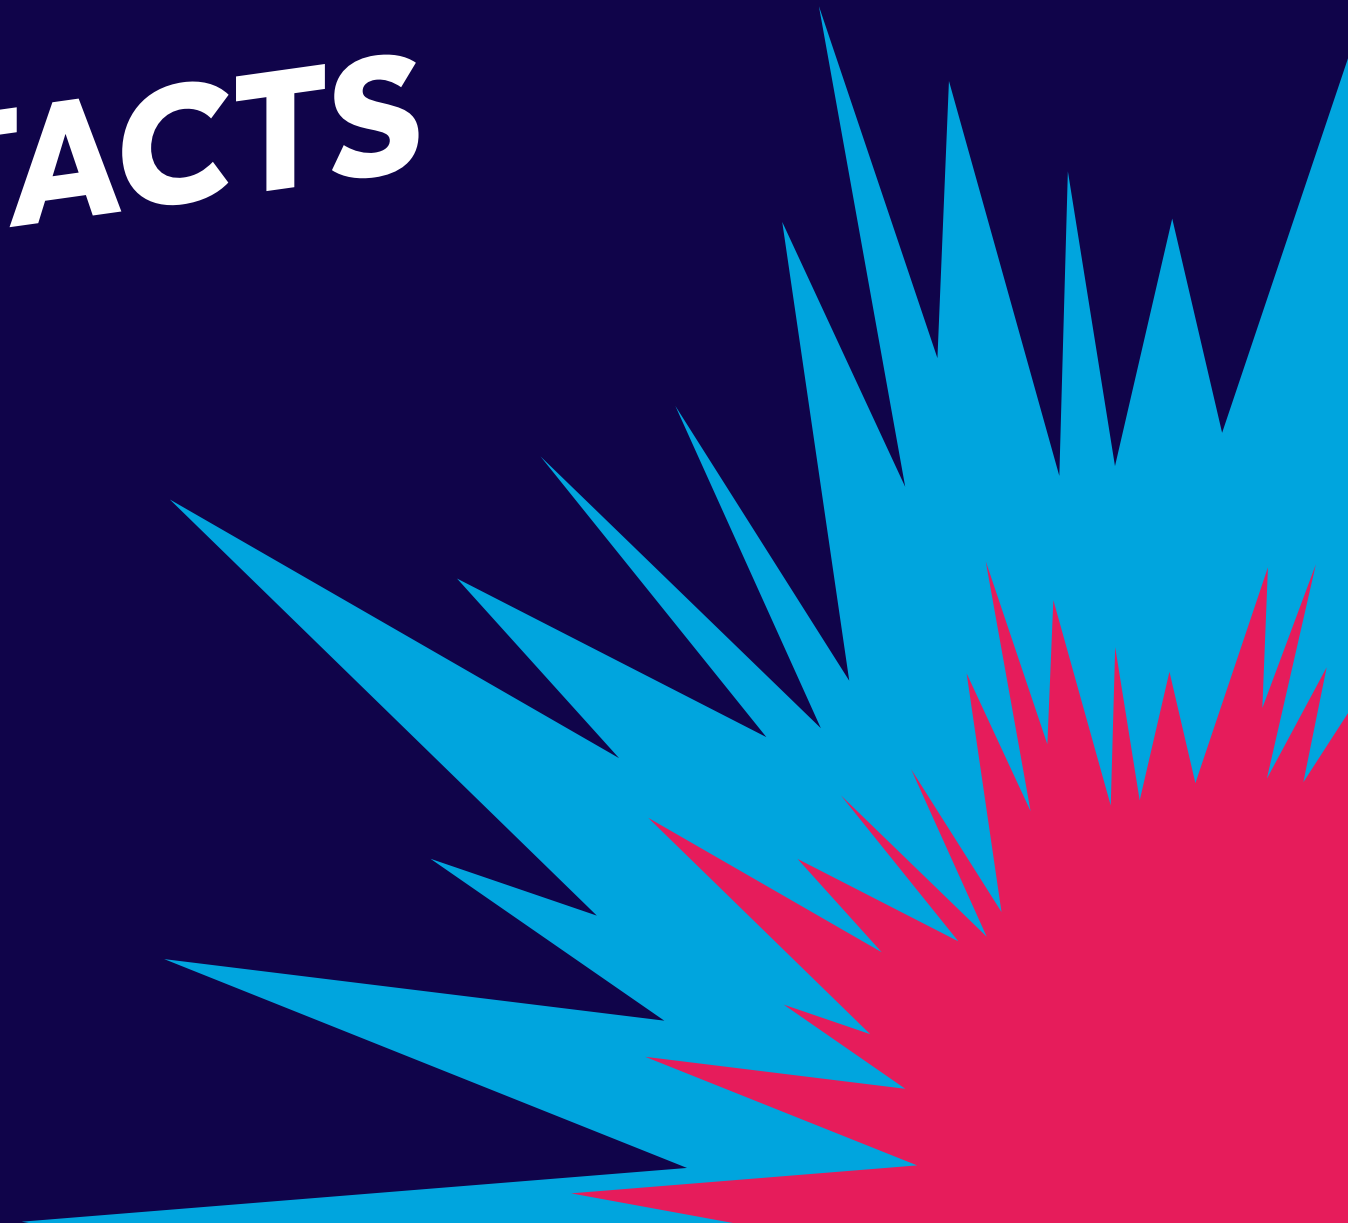

The Big Time has arrived! All is set for an unmissable ICC Men's T20 World Cup where you are.

The ICC Men's T20 World Cup 2022 acknowledges the traditional owners of country throughout Australia and recognises their continuing connection to land, waters and community. We pay our respects to them and their cultures, and to elders both past and present.

SECTION 02
**TOURNAMENT
INFORMATION**

ABOUT THE TOURNAMENT

The ICC Men's T20 World Cup has grown enormously in stature since the inaugural edition in South Africa 15 years ago, which was won by a young India side led by Mahendra Singh Dhoni.

The two close matches between India and Pakistan, including the final, and Yuvraj Singh's six sixes in an over from Stuart Broad, essentially set the platform for the event's popularity, even as the format grew apace the world over.

Pakistan won the second edition of the tournament in England in 2009, defeating Sri Lanka in the final at Lord's. Associate Members enjoyed great success, with the Netherlands defeating England and Ireland beating Bangladesh.

One of the great strengths of the tournament has been the stage it gives growing cricketing nations to test themselves against the best. The format is now acknowledged as the one driving popularity of the game worldwide.

In 2009, the first ever women's tournament was held alongside the men's event, with double-header matches played at the semi-final and final stages. The women's tournaments became stand-alone events from 2018.

In 2010, England captured their first ever ICC global title, defeating Australia by seven wickets in the final. Then, in 2012, the West Indies beat hosts Sri Lanka by 36 runs to win the men's title, their first ICC trophy since the ICC Champions Trophy in 2004.

Sri Lanka won the 2014 edition in Bangladesh to join a select band of those to have also won the 50-over ICC Men's Cricket World Cup, before the West Indies became the first to win the tournament twice in 2016. Carlos Brathwaite's sensational four consecutive sixes off Ben Stokes capped a stupendous effort by the Darren Sammy-led side.

In 2021, Australia beat New Zealand by eight wickets, adding the ICC Men's T20 World Cup trophy to their already crowded World Cup cabinet for the first time.

The reigning champions host the 2022 event with the hopes of being the first team in ICC Men's T20 World Cup history to defend their title and win the tournament in their own backyard.

HOW TEAMS QUALIFIED

FROM ICC MEN'S T20 WORLD CUP 2021 (12 TEAMS)

Afghanistan, Australia, Bangladesh, England, India, Namibia, New Zealand, Pakistan, Scotland, South Africa, Sri Lanka and the West Indies qualified for the ICC Men's T20 World Cup 2022 by reaching the Super 12 of last year's ICC Men's T20 World Cup 2021.

Eight of these teams qualified directly for the Super 12 phase: Australia and New Zealand as the winners and runners-up of the ICC Men's T20 World Cup 2021, and Afghanistan, Bangladesh, England, India, Pakistan and South Africa based on their positions in the MRF Tyres ICC Men's T20I world rankings on 15 November 2021. The other four qualifiers – Namibia, Scotland, Sri Lanka and the West Indies – were placed in the Group stage.

FROM ICC MEN'S T20 WORLD CUP 2022 GLOBAL QUALIFIERS (4 TEAMS)

The remaining teams qualified through two Global Qualifiers. The UAE and Ireland qualified via Global Qualifier A, which took place in Oman in February 2022; while Zimbabwe and the Netherlands qualified through Global Qualifier B, held in Bulawayo in July 2022.

THE TROPHY

Designed and manufactured by Links of London, the ICC Men's T20 World Cup trophy is based on the field dynamics of balls being hit to the boundary and fielders returning them in an interactive process. It has a sense of open space and vigour and captures the constant movements of T20 cricket. Made of silver and rhodium, it represents a youthful and edgy design.

PLAYING REGULATIONS

PLAYING CONDITIONS

The full playing conditions for the ICC Men's T20 World Cup 2022 are available in the Resources section of the **Online Media Zone**, and on the ICC's official website at icc-cricket.com.

ICC CODE OF CONDUCT

The ICC Code of Conduct is part of the ICC's continuing efforts to maintain the public image, popularity and integrity of cricket by providing: (a) an effective means to deter any participant from conducting themselves improperly on and off the field of play or in a manner that is contrary to the spirit of cricket; and (b) a robust disciplinary procedure pursuant to which all matters of improper conduct can be dealt with fairly, with certainty and in an expeditious manner.

More information on the Code of Conduct is available in the Resources section of the **Online Media Zone**, and on the ICC's official website at icc-cricket.com.

DUCKWORTH-LEWIS-STERN METHOD

The Duckworth-Lewis-Stern (D-L-S) method sets revised targets in rain-interrupted limited-overs matches, taking into consideration the run-scoring resources at the disposal of the two sides. Information on the D-L-S method can be found on [the ICC website](#).

ILLEGAL BOWLING ACTIONS

An Illegal Bowling Action is where a player is throwing rather than bowling the ball. This is defined by the ICC as being where the player's elbow extends by an amount of more than 15 degrees between their arm reaching the horizontal and the ball being released. Match Officials in international cricket use the naked eye and their cricketing experience to decide whether they believe a player may be using an Illegal Bowling Action – and, if so, they will submit a report.

More information on Illegal Bowling Actions is available in the Resources section of the **Online Media Zone**, and on the ICC's official website at icc-cricket.com.

ANTI-CORRUPTION

Cricket is considered by many to be a world leader in the fight against corruption in sport and strives to do its best to work towards the vision to "Keep Cricket Clean". All players and officials who take part in the top level of international cricket pass through the Anti-Corruption Unit (ACU)'s education programme.

The ICC's Anti-Corruption Managers coordinate the ACU's prevention measures, and are present at tournaments and international series to ensure that strict anti-corruption protocols are enforced at all venues, particularly around the dressing room areas. Information on the ICC's Anti-Corruption Code can be found on [the ICC website](#).

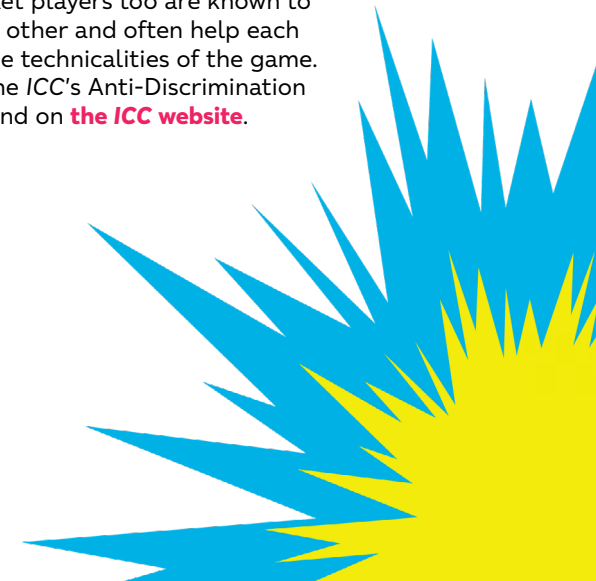

ANTI-DOPING

The ICC has a zero-tolerance approach to doping and is a signatory to the World Anti-Doping Agency (WADA) since July 2006. The ICC Anti-Doping Code, compliant with the World Anti-Doping Code, ensures cricket plays its part in the global fight against drugs in sport. Information on the ICC's Anti-Doping Code can be found on [the ICC website](#).

ANTI-DISCRIMINATION

The ICC has a strict Anti-Discrimination Code that confirms a level of commitment from the ICC and its Members to promote and encourage participation at all levels, regardless of race, religion, culture, colour, descent, national or ethnic origin and to ensure that there is no discrimination in the sport.

The diverse history and culture of the game draws people together. There is a strong tradition of fans from rival teams enjoying matches alongside each other, while cricket players too are known to mingle with each other and often help each other out with the technicalities of the game. Information on the ICC's Anti-Discrimination Policy can be found on [the ICC website](#).

SECTION 03

MEDIA INFORMATION

MEDIA ACCREDITATION

The ICC has accredited media from all over the world for the ICC Men's T20 World Cup 2022. The tournament will be operating under a high trust model, and therefore all accredited media and participants are requested to practice safe behaviour for the duration of the event.

As in previous tournaments, the ICC will follow its priority order in allotting match-day seats. This is done in tandem by the ICC Media and Accreditation teams, keeping in mind the teams playing. We follow the general principles outlined in the media advisory and FAQs document on accreditation, which we shared at the start of the accreditation process.

Media accreditation passes may be collected from the venues. Reporters will be allotted seats, and a limited number of photographers will be allotted photo positions keeping in mind the biosafety protocols.

Updates through the tournament will be sent out either individually or to the tournament media email list that we maintain. Please remember to read our advisories: there may be changes in protocols, biosafety measures or the way the media interactions are conducted, whether owing to changes in government guidelines or on advice from our own colleagues.

WHAT IF MY ACCREDITATION IS LOST?

If your tournament accreditation pass is lost or stolen, please report it to the Accreditation team and make a formal complaint at the nearest police station. Upon completion of the lost/stolen declaration form, the tournament accreditation will be replaced providing the individual has appropriate ID. If the original tournament accreditation is found, it should be surrendered, and the police should be informed. Please note that no additional temporary or match day passes will be provided.

CODE OF CONDUCT FOR MEDIA

Please note that all accredited Non Rights Holders (NRH) media must adhere to the code of conduct for the tournament as well as the tournament media terms and conditions agreed to while signing the accreditation form.

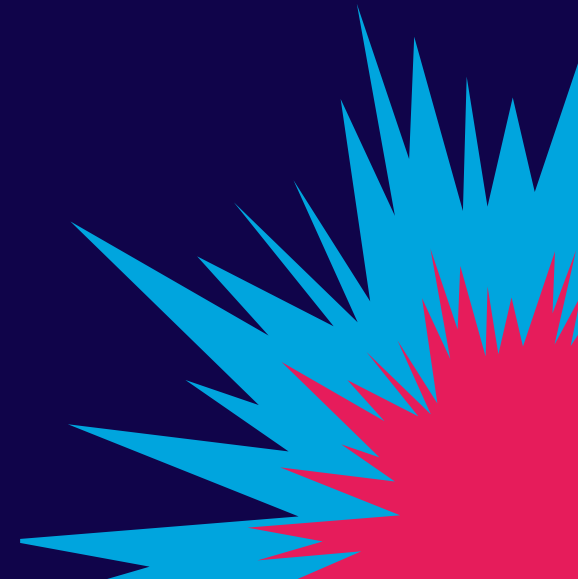

Accreditation cards of journalists will be cancelled if they are found to behave in an inappropriate manner at any of the venues. The ICC has a zero-tolerance policy towards racism and sexual harassment, and action will be taken immediately in any such case, which could include suspension of the accreditation card and blacklisting from all ICC events.

Journalists could also face suspension from future matches or have their accreditation revoked if they are found to be in violation of other terms and conditions, including those of video and audio recordings at venues.

NO SHOWS

Journalists who have changed their plans – those withdrawing from the tournament, those who become unavailable to attend particular matches, and/or those who need to change their selection of matches – must please send details in an e-mail to media.accreditation@t20worldcup.com.au.

Failure to do so could affect their chances of attending future ICC events. Journalists not informing us of their inability to attend any match of this tournament may not be given a match ticket for subsequent games.

BIO-SAFETY PROTOCOLS

The Event Biosafety Scientific Advisory Group (BSAG) has recommended that the event should be staged within a Health-Safe Environment (HSE). The HSE is defined as an approach to constructing an environment where individuals take personal responsibility for managing their own health and safety to prevent the transmission of COVID-19.

The BSAG has strongly recommended participants are fully vaccinated, and that they use health-mitigation lower-risk behaviours – social distancing, sanitisation, mask-wearing, mixing in open-air spaces – and appropriate early management of illness to safeguard their health and prevent the spread of infection.

The success of the event relies on everyone, including media personnel, taking personal responsibility and not attending venues if you feel unwell. If you attend with symptoms and are found to have contracted COVID-19, you will be impacting other colleagues.

- For all media sitting indoors for matches, masks are mandatory except when eating or drinking – i.e. in media boxes, indoor media areas, photographers' working rooms, etc.
- Masks must be worn for all media conferences and mixed zone activities.
- For photographers working outside, there is a recommendation that masks should be worn, but this is not mandatory.

Some other important points to note:

- Do not attend a match or training session if you are unwell. Please let the media operations team know if you will not be attending a match.
- If you test positive for COVID-19 at any time, you will need to undertake any isolation period imposed by government guidelines at that time and are personally responsible for understanding your obligations.

BELLERIVE OVAL

HOBART

15 DERWENT ST,
BELLERIVE TAS 7018

BELLERIVE OVAL

HOBART / nipaluna, TASMANIA

Bellerive Oval is located on the eastern shores of the River Derwent, a 10-minute drive from Hobart's city centre. The venue originally opened in 1914 but didn't become the home of Tasmanian first-class cricket until the 1987-88 season. It's now the home of Tasmanian cricket year-round, as well as hosting Australian Rules football matches throughout the winter.

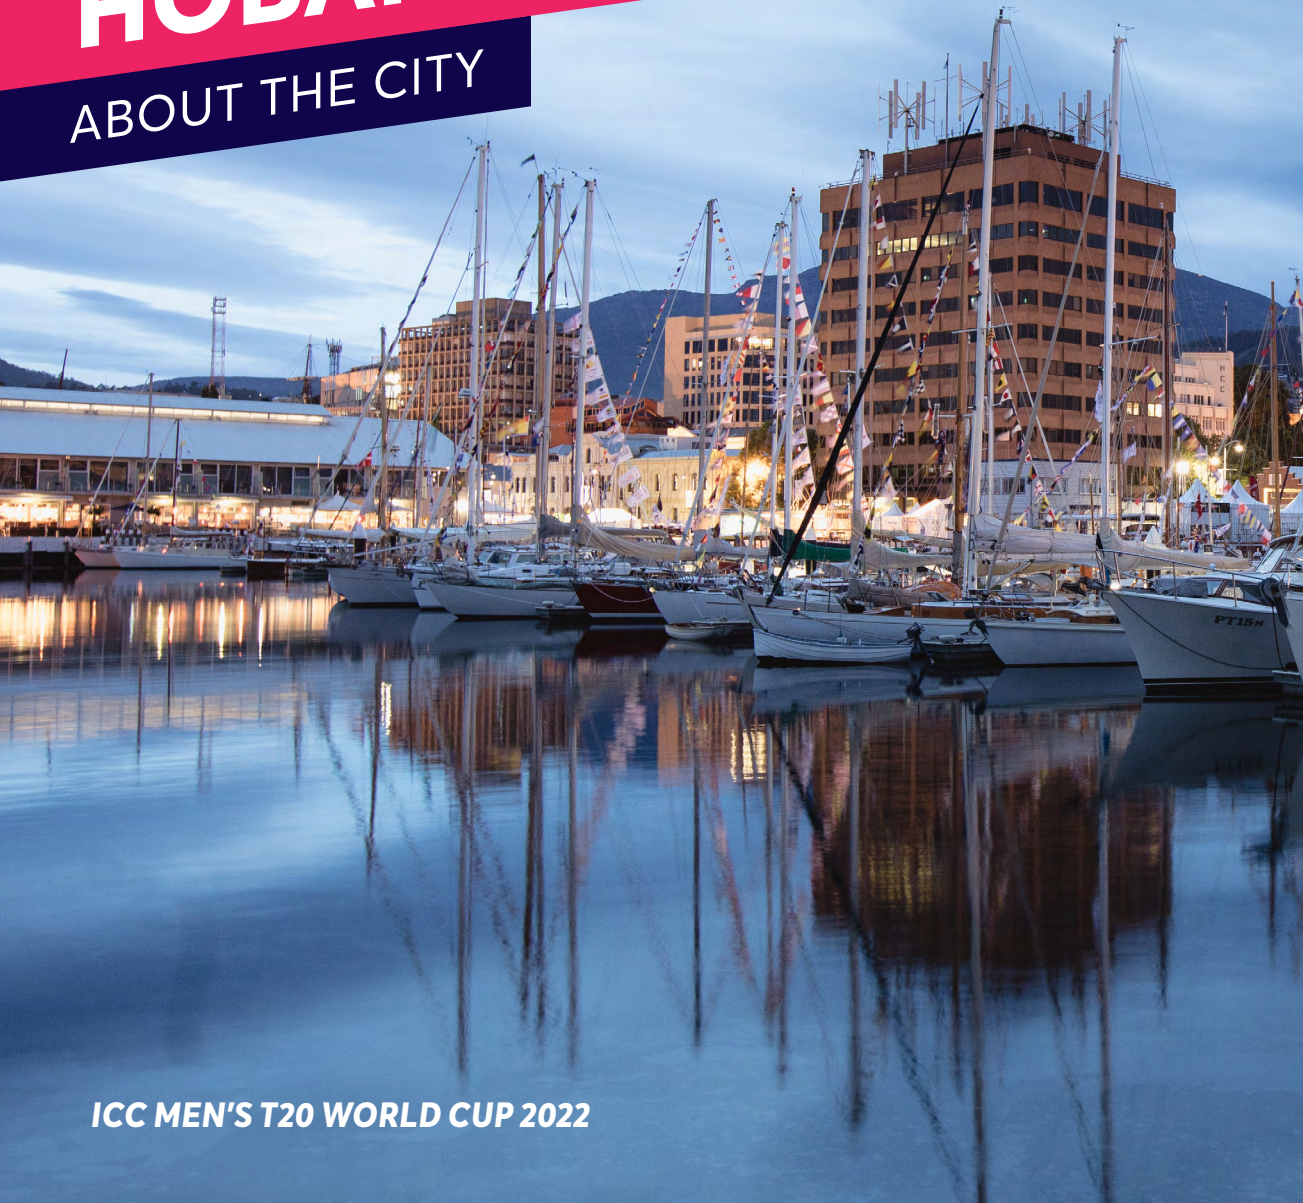

The venue currently consists of the Ricky Ponting Stand, the David Boon Stand and the Members Pavilion. There is also one smaller stand and a traditional "hill" on the eastern boundary, which collectively contribute to a capacity of 19,500. The highest attendance ever recorded at the ground was 18,149 on 10 January 2016 for a KFC Big Bash League match between the Hobart Hurricanes and Perth Scorchers. The playing surface dimensions are 175 x 135 metres – slightly longer but somewhat narrower than the MCG.

The 10-strip centre wicket area consists of couch grass, which has been successfully propagated in a colder southern climate, and English rye in the perimeter pitches. Traditionally, the wicket has provided bowlers with early movement, but the pitch tends to become a batting paradise as the match progresses, with the ground influenced by afternoon sea breezes off the River Derwent.

HOBART / nipaluna

ABOUT THE CITY

ICC MEN'S T20 WORLD CUP 2022

Hugging the hillsides along the broad River Derwent, Hobart is Australia's second oldest city.

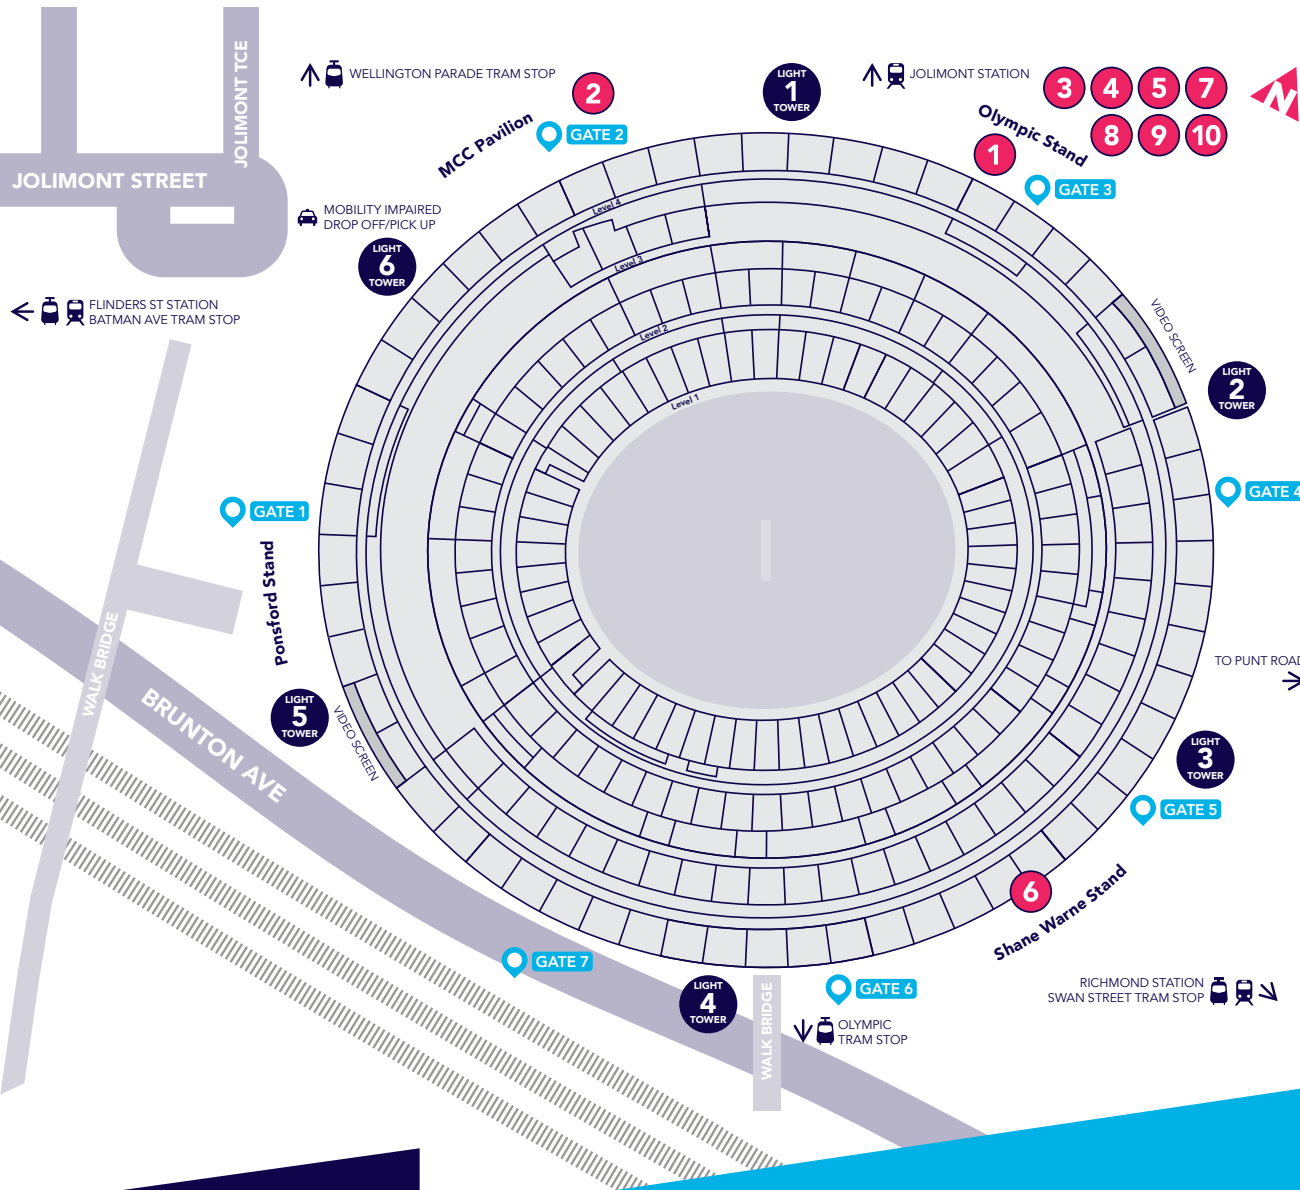

Streets lined with historic architecture rise from the waterfront, climbing the foothills of kunanyi/Mount Wellington – and when the harbour blooms with sails or the mountain is cloaked in winter snow, it's hard to imagine a prettier place to be.

But Hobart is more than just skin deep. This is a creative town, fuelled by soulful festivals and the edgy happenings at Mona, the provocative Museum of Old and New Art. Hobart is also a hub for fine food and drink: think super-fresh seafood, cool-climate wines and smooth Tasmanian single malt whisky from sustainably minded producers.

And just beyond the edge of town, World Heritage-listed convict sites and wilderness await. Not to mention some of Australia's top-ranked golf courses, extraordinary hiking and mountain-bike trails, and beaches where the only footprints in the sand will be yours.
