## ICC Chief Executive

Manu Sawhney

It gives me great pleasure to welcome media from around the world who are here in Australia to cover the ICC Women's T20 World Cup, an event that promises to make history as well as great memories.

This is the seventh edition of the event and it is the first time it is being held in Australia where the hosts and reigning champions will be looking to retain their title on home soil. But nine other nations will not be making it easy for them and I know in this league format followed by a knock-out stage, we're going to enjoy some competitive top quality cricket.

The ICC is committed to growing the women's game and this event demonstrates the scale of that ambition. The winners will receive \$1m whilst an overall 320% increase in the total prize pot will see every single one of the 10 competing teams receive significantly more as part of our ongoing efforts towards greater parity in our sport.

Every game will be televised live in around 200 territories thanks to our global broadcast partner Star Sports and other broadcast partners. This is the third ICC Women's event since 2017 that has televised every game live ensuring we're providing a global platform to increase visibility.

Of course the biggest statement of our ambition is our desire to #FillTheMCG and achieving a world record for attendance

for women's sport at the final on International Women's Day. I would love us to make history on 8 March but whatever happens, this event is part of a much bigger plan to grow the women's game and ensure it is sustainable for the long term.

As part of this, we will be promoting the event and providing you with videos, imagery, transcripts and editorial material via the Online Media Zone. But we can't realise our ambition without your support. You can help us create heroes and we are confident players here will give you many opportunities to do so.

Our media team will be at the venues to provide you with support. Please feel free to reach out to them should you need anything and we look forward to working in partnership with you to give women's cricket greater profile than ever before.

On behalf of the ICC, I would like to thank Cricket Australia for hosting this event and for their continued commitment to the women's game. I would also like to thank all the ground staff and volunteers for their efforts, as well as the ICC and CA staff working on this event.

Let us now look forward to some exciting cricket moments.

ICC T20 World Cup 2020  
Local Organising Committee

**Nick Hockley**

Officer

## Welcome to THE BIG DANCE!

On behalf of the ICC T20 World Cup 2020 Local Organising Committee, we are so excited to welcome you, the world's media, to Australia for the ICC Women's T20 World Cup 2020.

You are such an integral part of what will be a massive year for cricket. This is first time that the ICC Women's and Men's T20 World Cups will be held as standalone events in the same country in the same year.

Preparations for the ICC Women's T20 World Cup started four years ago and in every aspect of the planning we have dreamt big. Most importantly, we have worked hard to ensure that the best players in the world are playing on the biggest stage.

The ICC Women's T20 World Cup will be a nationwide festival, featuring 10 teams, 10 warm up matches, 23 tournament matches, held across eight venues in six host cities, culminating in the final at the world's biggest cricket stadium, the Melbourne Cricket Ground, on 8 March 2020 – International Women's Day. Your role in the media is so important in ensuring fans across the world access the amazing stories that will come out of the event.

Australia is blessed with incredible venues, wonderful host cities and passionate and knowledgeable cricket fans of each of the competing teams. You can be assured of a very warm welcome and world-class facilities.

Preparations for ICC Women's T20 World Cup have been a huge team effort. It has been a privilege to work with so many talented and committed people and organisations including venues, host cities, governments, commercial partners, media and broadcast partners, ICC, Cricket Australia, State and Territory Cricket Associations, numerous world-class service providers and our incredible "TEAM 2020" volunteers.

# ABOUT THE TOURNAMENT

The upcoming ICC Women's T20 World Cup 2020 will be the seventh edition but the first in Australia.

This tournament was known as the ICC Women's World T20 during the first six editions but is rechristened the ICC Women's T20 World Cup to ensure that its status is at par with the pinnacle events of the other two formats.

The ICC Women's T20 World Cup has grown progressively and is now a much-awaited event on the cricket calendar. It was held along with the men's event five times before the 2018 event in the Caribbean was organised as a standalone one. This is the first time that an ICC T20 World Cup is being held in Australia and the first time that both the men's and women's events will be held in the same country independent of each other.

The 17-day tournament will be played at six venues across four cities – Canberra, Perth, Sydney and Melbourne, with the final in Melbourne expected to see a record crowd for any women's event on International Women's Day. All 23 matches in

the tournament will be broadcast live. It will also have a spectacular opening celebration at Sydney Showground Stadium on 21 February, immediately prior to the opening match featuring hosts and reigning champions Australia and India.

The tournament is being played on a league-cum-knockout basis with Australia, India, New Zealand, Sri Lanka and Bangladesh in Group A and England, South Africa, the West Indies, Pakistan and Thailand in Group B for the league phase.

Defending champions Australia have won the title four times while England and the West Indies have won once each.

## THE DUCKWORTH-LEWIS-STERN METHOD

The Duckworth-Lewis-Stern method sets revised targets in rain-interrupted limited-overs matches, taking into consideration the run-scoring resources at the disposal of the two sides. Information on the D-L-S method can be found on the website **[here](#)**.

## ANTI-DOPING

The ICC has a zero-tolerance approach to doping and is a signatory to the World Anti-Doping Agency since July 2006. ## ANTI-RACISM

The ICC has a strict Anti-Racism Code that confirms a level of commitment from the ICC and its Members to promote and encourage participation at all levels, regardless of race, religion, culture, colour, descent, national or ethnic origin and to ensure that there is no discrimination in the sport.

The diverse history and culture of the game draws people together. There is a strong tradition of fans from rival teams enjoying matches alongside each other, while cricket players too are known to mingle with each other and often help each other out with the technicalities of the game. Information on the ICC's Anti-Racism Policy can be found on the ICC website **[here](#)**.

## ANTI-CORRUPTION

Cricket is considered by many to be a world leader in the fight against corruption in sport and strives to do its best to work towards the vision to 'Keep Cricket Clean'. All players and officials who take part in the top level of international cricket pass through the ACU's education programme. The ICC's Anti-Corruption Managers coordinate the ACU's prevention measures and are present at every tournament and international series to ensure that strict anti-corruption protocols are enforced at all venues, particularly around the dressing room areas. ## KAREN ROLTON OVAL

### Karen Rolton Oval

Capacity: 2,000

Venue for warm-up matches

Karen Rolton Oval is located in Narnungga (Park 25), meaning 'native pine place', in the west park lands on the fringe of the city.

The precinct has recently undergone a multi-million dollar re-development with a new multi-purpose sports pavilion, improved cricket and football fields, a floodlit beach sports facility, a youth recreation precinct, barbeque facilities, and new car parking.

Within the Karen Rolton Oval Pavilion there are six new change rooms, players' viewing areas, officials' rooms at the lower level and, on the second level, a place for the community to watch the games in a club room environment.

The Oval is named after one of Australia's most celebrated cricketers, Karen Rolton – a four-time winner of the Australian International Woman Cricket of the Year and a member of the ICC Cricket Hall of Fame and the Australian Cricket Hall of Fame. Karen Rolton Oval hosted its first first-class match in March 2019, and has hosted a Women's One Day International.

**Karen Rolton Oval will host five ICC Women's T20 World Cup warm-up matches.**

Capacity: 12,000

Manuka Oval's rich and diverse history has proved integral in its continuous use as an iconic sporting venue. With a seating capacity of 13,550, the venue remains the premier site for cricket events in Canberra.

In January 2019, the Manuka Oval Media and Function centre was officially opened, a facility that is capable of hosting the world's media and serving as a prime function space.
