# WELCOME ICC CHIEF EXECUTIVE

**It is my pleasure to welcome distinguished members of the media who are in England and Wales to cover the ICC Champions Trophy 2017.**

The Champions Trophy is a top-class event that returns to the three venues – Cardiff, Edgbaston and The Oval – which were used for the last edition in 2013. The event is actually being held here for the third time, the West Indies winning in 2004, followed by India's success four years ago.

With the tournament featuring the top eight teams, the quality of the cricket has always been extremely high and I'm confident that we'll see a hugely competitive tournament here again this year. Australia was at the top of the MRF Tyres ICC ODI Team Rankings for over two years till February 2017 but the competition has intensified since then.

Not only was South Africa successful in moving to the top of the rankings but India and England have also recorded a higher success percentage than Australia over the past year, making it potentially a tough scenario. Of course, there is the added knowledge and incentive to do well since the ICC Cricket World Cup 2019 will also be played in the same conditions.

I hope you too will get an idea of how the next ICC World Cup will be organized in just two years. The ICC has always striven to provide top-class media facilities and I'm sure no stone has been left unturned by our media team to ensure a very smooth working for journalists. As ever your feedback is welcomed.

Just as the game of cricket has grown over the years, the number of media covering ICC events has also risen despite more challenging circumstances for many media outlets. It is a privilege for us to host you and I would like to thank you all for covering this event and contributing to the game's growth.

On behalf of the ICC, I would like to thank the England and Wales Cricket Board, its staff, ground authorities and volunteers in helping us deliver another special event. Thanks are also due to my own colleagues at the ICC for putting in so much effort to make this possible.

I would also like to take this opportunity to thank our broadcast and commercial partners for their continued support, which is so very important in this modern age of professional sport.

Thank you all for contributing to the success of a game that gives so much joy to millions of people around the world.

**David Richardson**  
ICC Chief Executive

# **WELCOME**

## **ECB CHIEF EXECUTIVE OFFICER**

**Welcome to the ICC Champions Trophy 2017. What a privilege it is for England and Wales to host this tournament again – and what a fantastic opportunity to showcase this country’s passion for cricket.**

The format of the ICC Champions Trophy means fans can catch the top eight sides of the world in action – all in the space of under three weeks. It’s a proven winner with the cricketing public here and we look forward to an exciting and entertaining tournament ahead.

This tournament is the first of three ICC global events to be staged in England and Wales over the next three years. Later this year we will host the ICC Women’s World Cup followed by the ICC Cricket World Cup in the summer of 2019 – a year when we will also host an Ashes Test series against Australia.

Above all we hope that each of these tournaments will inspire more players to either take up cricket or to return to the game they love. They might become players, spectators and even volunteers in the years to come.

No one can argue that whenever there is a global sporting event in this country the public get behind it and are excited by it. Cricket’s diverse following in this country means every side taking part is guaranteed a warm welcome and enthusiastic support.

All our host venues have made improvements to their stadia in recent years and pride themselves on providing top-class facilities for spectators. My thanks to all at Glamorgan, Surrey and Warwickshire for their help and support in staging this tournament.

At the same time, I would like to thank our broadcast partners, and the wider media - written, digital and photographic, for their comprehensive coverage which does so much to generate excitement and interest in the sport.

Enjoy the next three weeks and we trust you will enjoy being part of a tournament which we hope will create an even bigger following for our game at every level.

**Tom Harrison**  
Chief Executive Officer

# TRAVELLING IN ENGLAND AND WALES

# TRAVELLING IN ENGLAND AND WALES

The United Kingdom (UK) is made up of England, Wales, Scotland and Northern Ireland, and has a population of over 65 million people.

The UK is located off the north-western coast of continental Europe, with a total area of approximately 243,610 square kilometres (94,060 sq. miles). Lying between the North Atlantic Ocean and the North Sea, the UK comes within 35 km (22 mi) of the northwest coast of France, from which it is separated by the English Channel.

English is the main language throughout the UK, but you will also find Welsh being spoken in Wales. The UK is a hub of cultural diversity, and you will find different languages being spoken wherever you go.

## CLIMATE

The UK has a temperate climate. The temperature varies with the seasons, with summer starting around June. This will see the average temperatures start to rise to 20 °C (68 °F).

The prevailing winds come off the Atlantic Ocean in the south-west, and can bear frequent spells of mild and wet weather to the west. During the summer months, this is normally at a minimum, leaving the UK dry and warm.

## THE MONARCHY

The monarchy is the oldest institution of government in the world. Queen Elizabeth II is directly descended from King Egbert, who united England under his rule in 829. The only interruption in the history of the monarchy was the republic, which lasted from 1649 to 1660.

Today, the Queen is not only Head of State, but also an important symbol of national unity. The Queen's title in the UK is 'Elizabeth the Second, by the Grace of God of the United Kingdom of Great Britain and Northern Ireland and of Her other Realms and Territories Queen, Head of the Commonwealth, Defender of the Faith'. In the Channel Islands and the Isle of Man, the Queen is represented by a Lieutenant-Governor.

## THE COMMONWEALTH

Although the seat of the monarchy is in the UK, the Queen is also head of state of a number of Commonwealth states. In each state, the Queen is represented by a Governor-General, appointed by her on the advice of the ministers of the country concerned and completely independent of the British Government. In each case, the form of the royal title varies. Other Commonwealth states are republics or have their own monarchies. In British-dependent territories, governors usually represent the Queen.

## RELIGION

The official religion in UK is Christianity as practiced by the Anglican Church. Followers of this branch of Christianity are known as Protestants. Christians constitute about 71% of the population, but the UK is a multi-faith society and all other religions, including Buddhism, Hinduism, Islam, Judaism and Sikhism are freely practiced.

# TRAVELLING IN ENGLAND AND WALES

## SAFETY AND SECURITY

England and Wales are generally considered safe by international standards, with low rates of street crime and violence.

Like anywhere, it is worth using common sense and taking sensible precautions like those you probably already practice in your own country. Here are a few tips:

- **It is advised that you have insurance cover for your travel to the UK**
- **Plan your route before you leave**
- **Do not leave your bag unattended anywhere - this can lead to a security alert**
- **In the UK, cars drive on the left. To ensure you cross the road safely, use designated crossings and only cross when the green figure shows. Take note of the signs indicating to “look right” or “look left” to spot oncoming traffic.**

All media personnel are advised to refer to the specific advisories issued by their respective national agencies.

## MEDICAL AND VACCINATION INFORMATION

Be sure your routine vaccinations are up to date prior to your travel. You do not require an International Certificate of Vaccination when travelling to the UK, but you should check if one is needed on re-entry into your own country.

The National Health Service (NHS) offers walk-in medical centres throughout the UK, which provide healthcare advice, information and treatment for minor injuries and illnesses. These centres are open to overseas visitors, though a charge may apply. These centres can be found at [www.nhs.uk](http://www.nhs.uk)

## FINANCE

The Great British Pound (sterling) (GBP) is the currency used in United Kingdom, with the symbol £.

The approximate exchange rate: 0.80 GBP to 1 USD.

ATMs (cash machines) are widespread around all city centres at banks, high streets, supermarkets and shopping centres. International cards are commonly accepted providing they have a four-digit PIN encoded. Contactless cards are also now widely accepted.

Banks are generally open from 9:30am – 4:30pm Monday to Friday and 10:00am – 1:00pm Saturdays. Banks are closed on Sundays.

All cards bearing the Visa, MasterCard or American Express logo are widely accepted in the UK. If your card does not display one of those logos you should contact your bank in advance prior to your travel.

## TIPPING

Tipping is not obligatory in the UK.

In some restaurants, a service charge is added to the bill, typically 10% or 12.5%. This will be noted on the menu as ‘service included’. If service isn’t included you are not obligated to tip. It is at your discretion if you wish to leave a tip or not and can ask to remove the ‘service included’.

For taxis, it is not necessary to tip but is customary to round up to the nearest pound on metered taxi journeys or if the driver has assisted with your bags.

## ARRIVAL INFORMATION

### Visas and Customs

Visa requirements are frequently revised, and you are advised to check with the United Kingdom visa website for the latest information regarding your entry to the UK: [www.ukba.homeoffice.gov.uk](http://www.ukba.homeoffice.gov.uk)

Custom controls at UK points of entry distinguish between goods bought within the European Union and duty free goods bought elsewhere. Visit HM Revenue and Customs website for full details: [www.hmrc.gov.uk](http://www.hmrc.gov.uk)

# ESSENTIAL MEDIA INFORMATION

# ESSENTIAL MEDIA INFORMATION

## OVERVIEW

The ICC Champions Trophy 2017 aims to provide extensive, world-class facilities to the media.

This section provides the practical information you require in relation to the media facilities available, both on match days and non-match days, at the venues and off-site.

These facilities include:

- accreditation information
- accreditation centres
- venue media facilities
- additional media services available during the tournament

# ACCREDITATION GUIDE

## ACCREDITATION OVERVIEW

A full tournament accreditation system will be in operation across all venues for ICC Champions Trophy 2017 matches, warm-up matches and practice sessions.

The accreditation system is designed to help maintain access to venues. Accreditation is the method of providing access to match venues for all working personnel who do not hold a match ticket. Its purpose is to provide accredited persons with a controlled environment in which they can work as efficiently and as effectively as possible.

Media personnel wishing to access the stadia or any off-site practice grounds on non-match days must wear their accreditation as the venue security will be operating 24 hours a day during the tournament. Accreditation will be required to access media facilities and any preferential media parking that may be arranged. All accreditation is personal and non-transferable. Any breach of this condition will lead to immediate revocation of the accreditation.

## ACCREDITATION CENTRES

There will be an accreditation centre located at each match venue. The following are the details:

### CARDIFF WALES STADIUM

The accreditation centre will be located at Gate 2. The centre will be open from 29 May to 14 June between 10h00 and 18h00 on non-match days and 07h00 and 17h00 on match days.

The Venue Accreditation Manager is Josephine Watkinson, who can be contacted at [icc2017accreditation@ecb.co.uk](mailto:icc2017accreditation@ecb.co.uk).

### EDGBASTON STADIUM

The accreditation centre will be located at the Indoor School. The centre will be open from 16 May to 15 June between 10h00 and 18h00 on non-match days, from 07h00 and 17h00 on day matches and between 10h00 and 20h00 for the 7 June day/night match.

The Venue Accreditation Manager is Marie Ehuy, who can be contacted at [icc2017accreditation@ecb.co.uk](mailto:icc2017accreditation@ecb.co.uk).

### THE OVAL

The accreditation centre will be located by the Hobbs Gate. The centre will be open from 10 May to 18 June between 10h00 and 18h00 on non-match days, from 07h00 to 17h00 on day matches and between 10h00 and 20h00 for the 5 June day/night match.

The Venue Accreditation Manager is Arnaud Cren-Larvor, who can be contacted at [icc2017accreditation@ecb.co.uk](mailto:icc2017accreditation@ecb.co.uk).

## OPENING AND CLOSING HOURS

Opening and closing hours of the main media centres will be:

**Two days before match:** 10h00 to 15h00 depending on specific media activities

**Eve of match day:** 10h00 to 18h00 depending on specific media activities.

**Match day:** From two-and-a-half hours before the start of the match until two hours post completion of mixed zone activities.

*\*\*Please note that the hours and dates of operation are subject to change and final schedule should be confirmed with venue media manager.*

# ACCREDITATION GUIDE

## TOURNAMENT ACCREDITATION AND MATCH ALLOCATIONS

Media will be issued with a tournament accreditation pass that will be valid for all tournament venues, off-site media conferences, warm-up matches and official team practices.

While the pass-holders will have free access inside the venues on non-match days, entry into a venue on a match-day will be through barcodes. Only those who have been allocated a seat in the press box, or a photo position will be able to enter. All match accreditation requests made by individual journalists, photographers and non-rights-holding reporters are collated and ranked in accordance with the pre-agreed priority order. This order is determined by the ICC, which has ultimate control over the process.

All media attending the tournament agreed and accepted the terms and conditions at the time of applying for tournament accreditation. These terms and conditions can be found in the media section of the event website at [www.icc-cricket.com/champions-trophy/about](http://www.icc-cricket.com/champions-trophy/about). Note that non-rights holding broadcasters will not be permitted to bring any recording equipment into the venue on match days. Photographers will be issued with a Photographer's bib in pre-match briefings to provide access to the Field of Play during a match.

## TOURNAMENT ACCREDITATION PASS COLLECTION PROCEDURES

Written press and photographers must collect their accreditation from one of the accreditation centres shown above. All accreditation must be collected in person. You will be asked to produce the photo identity document you provided when you applied online in order to collect your accreditation.

## LOST / STOLEN / FORGOTTEN ACCREDITATION PASSES

Any lost or stolen accreditation represents a potential compromise to tournament security. It is therefore essential that every effort is made to look after your accreditation. A lost or stolen accreditation should be immediately reported to the nearest police station (a police report will be required), to any operational accreditation centre, and via email to [icc2017accreditation@ecb.co.uk](mailto:icc2017accreditation@ecb.co.uk).

A full police investigation will be undertaken prior to any decision being made to re-issue the accreditation and is likely to cause a delay. If an accreditation has been left at a hotel or other local venue, the accredited media person will be required to return to the location to retrieve it. No additional, temporary or match day pass will be issued.

# ACCREDITATION GUIDE

## PRIORITY ORDER FOR MATCH DAYS

There are two match-specific media priority orders; one for determining the allocation of press seats in press boxes and overflow seating areas, and another for determining the allocation of photographic positions.

The priority order for media match ticketing can be found in the FAQs document, which is available on the ICC website at [www.icc-cricket.com/champions-trophy/about](http://www.icc-cricket.com/champions-trophy/about).

# ACCREDITATION GUIDE

## MATCH-DAY SEAT ALLOCATION

For each match, two reporters and two photographers will be granted accreditation from each of: international news agencies; national news agencies from competing countries; national daily newspapers from competing countries and national daily newspapers from host country. Space permitting, one reporter and two photographers per non-participating country's media may also be accredited.

## CODE OF CONDUCT

Please note that photographers are required to agree to the code of conduct for the tournament as well as the tournament media terms and conditions. For full details, please refer to the media section of the official event site at [www.icc-cricket.com/champions-trophy/about](http://www.icc-cricket.com/champions-trophy/about).

Photographers should adhere to the requests of security personnel, tournament officials and venue staff at all times.

## SPECIAL REQUESTS FOR PHOTOGRAPHERS

Final arrangements at each venue will be confirmed at the photographers' briefing. Should photographers wish to take venue shots prior to the game they should make this clear to the venue photographer manager before the briefing. Every effort will be made to give photographers access to their requested vantage points.

Equally, should photographers wish to gain access to a specific elevated position or locate a remote camera, they should make this request to the venue photographer manager. Whenever possible, photographers are encouraged to meet with the photographer manager prior to match days at the stadium to discuss any special requests. Wherever possible, the requests will be facilitated, although access to restricted locations may not be available in all cases.

Photographers should note that any cameras or equipment left in remote positions or unattended at any time are the responsibility of the individual. The ICC, ECB, tournament staff and volunteers cannot take responsibility for any equipment misplaced, damaged, lost or stolen.

## NO SHOWS

Journalists and photographers who have requested and been allocated to a match-day or photo position and who subsequently fail to collect that ticket, or fail to report their cancellation before the deadline without good reason, may be penalised and placed at the bottom of the priority order for the next match.

Multiple no-shows without prior warning may result in further match requests being suspended for the individual and organisation. Failure to attend two match days, which have been requested by an individual, may result in the withdrawal of accreditation.

Journalists who have changed their plans and will not be attending the tournament, are strongly advised to alert ICC Media Accreditation Manager, Marie Ehuy, at [icc2017accreditation@ecb.co.uk](mailto:icc2017accreditation@ecb.co.uk). Failure to do so will jeopardise their accreditation for future ICC Events, including the ICC Cricket World Cup 2019 which is scheduled to take place in the United Kingdom from 30 May to 15 July 2019.

## PARKING SLOTS

Arrangements have been made for some parking slots for the media at all three venues. For more details and requests for car parking, please get in touch with the venue media managers.

## APPLICATIONS FOR SEMI-FINALS AND FINAL

Accreditation for press box positions/photo positions at the semi-finals and the final can only be made after the conclusion of the first round of matches. Due to limited space in the press boxes and high demand, a strict pecking order will be followed and journalists whose teams are involved in the semi-finals and final will get the priority (in pecking order).

# ADDITIONAL MEDIA SERVICES

## ASAP PRESS CONFERENCE TRANSCRIPT SERVICES

The ICC will provide a complete, word-for-word FastScript which will be delivered within minutes of the completion of the press conference delivered in electronic form to the media and will also be available on our website/media zone.

This service has been provided in past tournaments too but this time it is going to be on-site, which means someone will be at each venue to ensure the turnaround time is as fast as can be as well as being more accurate and precise.

This will enable journalists to concentrate on their match reports, not worrying about missing interviews, trying to read illegible notes, trying to transcribe poorly recorded press conferences or having to borrow material from other journalists.

The service will also benefit journalists who are not attending the tournament as they will be able to produce their own copies with the assistance of the captains' quotes.

## MIXED ZONES

The ICC will introduce mixed zone as a new initiative in the ICC Champions Trophy 2017 and will take place following the post-matches press conferences.

The mixed zone is an area between the dressing rooms and where the team coaches are parked. The match-day accredited media will have the opportunity to do brief stand-up interviews there with players and coaching staff, strictly about the just-concluded match and/or the next match.

Teams will make some players available, likely to include the Player of the Match (who will not be required to attend post-match media conference), outstanding performer(s) of the match and career milestone achiever(s) etc.

Players from the losing side are expected to first walk through the mixed zone, individually or in twos rather than all at the same time, from the dressing rooms on their way to the team coach, followed by players from the winning side.

There will be dedicated mixed zone areas (Concourse at Edgbaston, Concourse at The Oval and parking area in front of the main pavilion in Cardiff). The mixed zone will be split up by low barriers to keep media and players separate, while still allowing free access for video and audio equipment.

As it is unrealistic to expect all the players to speak to all the journalists, even in pods, the media will be briefed and requested to pool their quotes to ensure everyone gets what they need.

While the ICC will endeavour to provide audio clips from the mixed zone, it will provide players' on-camera interviews which will be available for free download and editorial use on the OMZ.

It is important to emphasize that the players will only review or preview a match and will NOT take any questions that are either not related to the tournament or can cause a potential breach of the ICC Code of Conduct. Journalists breaching this policy will run the risk of being banned from attending future mixed zone activities.

## COVERAGE OF PRESS CONFERENCES

Arrangements have been made for filming all press conferences on the eve of matches as well as those after matches, with the unedited recordings of the interactions being made available to the media for free editorial download on the OMZ.

This will ensure that media outlets are able to use this footage according to their requirements for regular reports as well as other news stories and features.

# CITY INFORMATION

## BIRMINGHAM

Birmingham is a city in the West Midlands to the north-west of the capital, London. Growing from a market town in the medieval period, Birmingham developed during the 18th century and the subsequent Industrial Revolutions to become the United Kingdom's second largest city, behind London.

During the last few centuries, manufacturing has formed the heart of the city. Thousands of small workshops practice a wide variety of specialised and highly skilled trades, including the production of pens, buckles, buttons and jewellery, growing the city's economy and shaping it to be the city it is today.

Many of these industries are still visible around the city. This spirit of innovation and improvement is encapsulated in the city's motto 'Forward'. The range in architecture is vast within Birmingham, from medieval churches to Georgian houses to modern award winning buildings such as the Bullring Shopping Centre and the Selfridges Building. Many of these sites can be seen while walking around the city's canals.

The Ashes Test match here in 2005. An incredible four days that culminated in a famous win.

### What do you like about the general sports and cricket culture in Birmingham?

The support, here at Edgbaston in particular, is incredible. Edgbaston is widely known for having the best atmosphere in cricket and the fans help make that. The facilities across sport are also excellent in this city. We have several world-class venues, such as the Alexander Stadium, Villa Park and the Priory Tennis Centre.

Dennis Amiss, a Warwickshire and England legend.

Drayton Manor Theme Park is a fantastic day out for the family. Golf fans should also visit The Belfry, which has hosted several Ryder Cups.

## EDGBASTON CRICKET GROUND

Home to English county side Warwickshire, the 25,000-seater ground was established in 1882. It hosted its first Test in May 1902, the drawn first Test between England and Australia.

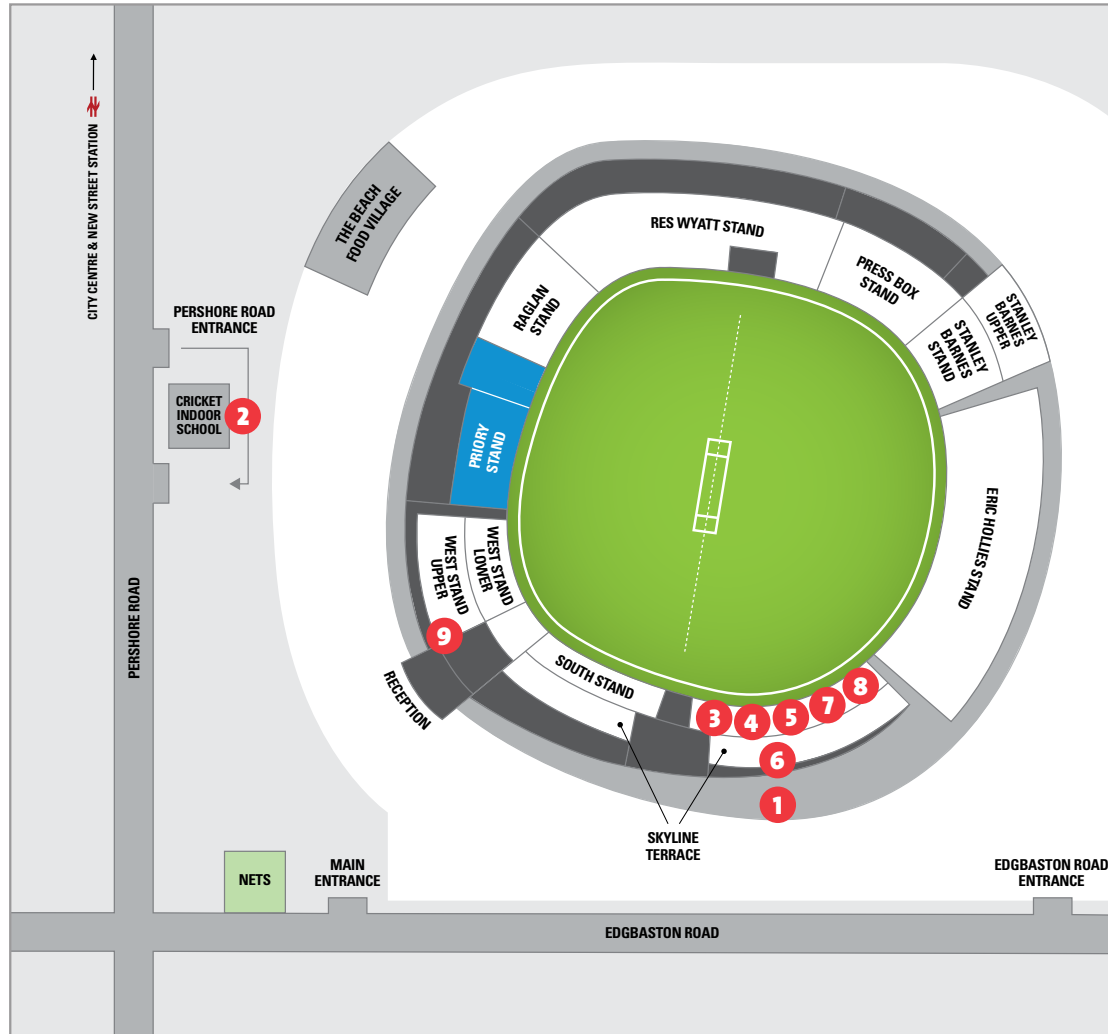

Edgbaston hosted just four Tests in its first 27 years, but upon re-entering the circuit in 1957, it was considered to be the most state-of-the-art ground in the country. The ground hosted its first ODI in August 1972, when England defeated Australia by two wickets. The first T20I was played in July 2010, when Pakistan defeated Australia by 23 runs.

Edgbaston played host to Brian Lara's stunning 501 not out for Warwickshire against Durham in 1994, and also hosted one of the greatest ODI matches in history, when Australia and South Africa played a heart-stopping semi-final in the ICC Cricket World Cup 1999 that ended in a tie. In 2005, England won the second Ashes Test by two runs to level the series and turn the momentum in its favour.

## CARDIFF

Cardiff is a city proud of its language, culture and history. The Welsh capital began its life as a Roman fort, but has now become a bustling city. Since the 11th century, Cardiff Castle has stood in the location of where the fort once was. The castle still holds a prominent presence in the city, showing off its rich history since the Romans 2000 years ago, the Norman conquests and the lavish Victorian design.

In 2011, the Welsh language was recognised as an official language in Wales. You will see use of the language everywhere you go, including on street signs. Recent development of the city has seen Cardiff Bay come alive with wonderful restaurants, cafes and bars, adding to the already thriving offerings of entertainment through its many sporting and music venues and theatres. This has seen Europe's youngest capital become one of the United Kingdom's fastest growing cities and tourist destinations.

## ROBERT CROFT

Former England Player

### Which is your favourite place to eat?

There're so many in Cardiff now that it's hard to keep count. But I'm always partial to a curry so I would have to say Moksch in Cardiff Bay.

### What is your favourite playing memory from Sophia Gardens?

There have been so many down the years, picking one is a challenge. There's probably a dozen from the 1997 County Championship winning season if I can think that far back.

### What do you like about the general sports and cricket culture in Cardiff?

Wales is a sports mad country with the Millennium Stadium, plus the football and rugby grounds at the centre of it. It's one of the few cities in the UK where there is a top rugby, cricket and football team all within a mile of each other, so it's a fantastic place for sport. Cricket still has a dedicated following and we always get a very good crowd along to our T20 matches.

### Who is your favourite cricketer from Wales?

The great Sir Viv Richards was my cricketing idol, but I looked up to Alan Jones who coached me when I was younger too.

### What are the things to do and see away from cricket in Cardiff?

Cardiff is a very vibrant city so there's always something to do. Obviously the rugby at the Millennium Stadium is a big draw but I like to get down the bay and enjoy a bite to eat with my wife when the weather is good.

### Which is your favourite part of town and why?

With the St David's shopping centre development, the city centre has everything now, often on the same road. There are some really nice restaurants or if you are looking for a more lively experience, there are plenty of pubs and bars like Brewhouse and Walkabout, which offer live music and they are great venues to watch sport.

### What do you like best about the city?

That's a tough one because there are lots of things to like...but I would have to say the open space and parks.

### Which are the best shopping places?

As you may guess, shopping isn't high on my agenda, but I do like the arcades that Cardiff is famous for and places like Brogue Trader stand out because of the service they provide.

# CARDIFF WALES STADIUM

## CARDIFF WALES STADIUM

Cardiff Wales Stadium has been Glamorgan's home ground since November 1995. The venue is also home to the National Cricket Centre, which was built in 1999. This is the same year that the ground hosted its first ODI, an ICC Cricket World Cup Group B match between Australia and New Zealand, which New Zealand won by five wickets.

The ground has since become a regular international one day venue, playing host to the first one-day match between England and Wales in 2002, which Wales won by eight wickets. One of the ground's most famous games came in June 2005, when Bangladesh shocked Australia with a five-wicket victory in the second ODI, with Mohammad Ashraful scoring a century.

The ground hosted its first Test in the 2009 Ashes series, the drawn first Test. It went on to host its first T20I in September 2010, when England beat Pakistan by five wickets.

# THE OVAL

Established in 1845, the 23,500-seater Oval is seen as 'where it all began'. The first-ever Test on English soil was played at The Oval in September 1880, with England defeating Australia by five wickets, and WG Grace scoring a hundred on debut.

The Oval is also where the legend of the Ashes was born. In August 1882, chasing only 85 to win, England slumped from 51 for 2 to 78 all out and the next morning, The Sporting Times published its famous mock obituary.

Owned by the Duchy of Cornwall (the Prince of Wales), The Oval came about in the 1790s when an oval road was laid around what was then a cabbage patch. The land was opened as a cricket ground in 1845 after 10,000 turfs were brought in from Tooting Common. It has been Surrey headquarters ever since, even though it has been well outside the county boundary for many years.

The Oval first hosted an ODI in September 1973, when England lost to the West Indies by eight wickets. The first T20I was played at the ground in June 2007, which again resulted in a loss to the West Indies (by 15 runs).

## CRICKET FOR GOOD AND #ONEDAY4CHILDREN

This summer, all activities of Cricket for Good, the ICC's global community outreach programme, will be under the umbrella of #OneDay4Children. #OneDay4Children links the one-day format of both the ICC Champions Trophy and ICC Women's World Cup and UNICEF's work for children through an aspirational message and the ability of people to donate, share and raise awareness for children in danger.

The Cricket For Good and UNICEF partnership is using the extraordinary power and reach of cricket to help transform children's lives around the world, so that one day every child will be free from danger.

While the world watches the best cricketers and teams compete to win the ICC Champions Trophy and the ICC's Women's World Cup one day tournaments in England this summer, they will also get the chance to see UNICEF's work and give the chance to support children around the world through #OneDay4Children.

**Both ODI tournaments will make it #OneDay4Children to remember, so that:**

- One Day every child will have clean water
- One Day every child will have enough to eat
- One Day every child will have the chance to play

# ICC INITIATIVES

Through the #OneDay4Children campaign, Cricket For Good and UNICEF will be looking to utilise their ambassador portfolio to help build awareness and funds for the partnership. Sachin Tendulkar will be at the forefront of the campaign, through special videos and social media messaging.

The major fundraising moment for the partnership will be generated via an online competition where fans will make a donation (\$10) for the chance to win a meet & greet with Sachin Tendulkar as well as get a pair of tickets to the ICC Champions Trophy 2017 Final. Online and digital platforms as well as stadium communications will be used throughout the two events to help build awareness provide opportunities to donate to make #OneDay4Children.

The ICC, UNICEF, the ECB, Chance to Shine, and the Youth Sport Trust are working together to change children's lives for good. A six-week, cricket based curriculum is being created with a focus on the rights of the child and will be distributed to 50 schools that have been selected to take part in the project based on their proximity to the host venue grounds.

The curriculum will also be hosted on the ICC website, opening up the opportunity for any school to join in. The curriculum will be promoted to UNICEF UK Rights Respecting schools (circa 4,000), Chance to Shine schools (circa 3,500) and YST schools (circa 4,000). As well as welcoming the teams at every game, Cricket for Good will offer children from schools near all tournament venues a once in a lifetime opportunity to take part in special coaching clinics with the best players in the world.
